PALM HILL GARDEN CLUB RULES

For the beneficial interest of the PALM HILL GARDEN CLUB MEMBERS the following regulations have been approved:

1. All gardens should be kept weeded and in presentable conditions at all times during the garden season and other times if possible. If a member leaves the area for any extended time period or goes north for the summer, the lot must be covered with plastic from border to border. Failure to do so may result in the forfeiture of the garden plot.

2. A square wire fence or equivalent with a maximum of a one (1) inch opening and eighteen (18) inches high is to be placed and maintained along the fence line.

3. Watering should be kept at a minimum. Try to regulate the sprinkling so as not to use unnecessary water. Confine watering to your own lot. Watering must be done with a hand-held hose with a shut off valve. Sprinklers must have timers. Watering must be hand held during water restrictions.

4. Nothing is to be placed or stored along the South and West Fence that borders the Water Company.

5. Periodic meetings will be held as needed; the time, date and location to be announced.

6. Members will keep the same plots assigned upon joining the Garden Club. When a member gives up the plot, it reverts to the Garden Club who will reassign it, i.e., it is not just given to another member.

7. The above regulations are subject to change, deletion and/or addition at any regular meeting by a majority vote of the membership, after one month's notice.

8. Garden Club members who do not abide by these regulations may be suspended for cause by a vote of the members in good standing after notification.

9. Dogs or pets of any kind are not allowed in the Palm Hill Garden area.
